

# QM301

## QualiMark™ Extreme Resin Ribbons

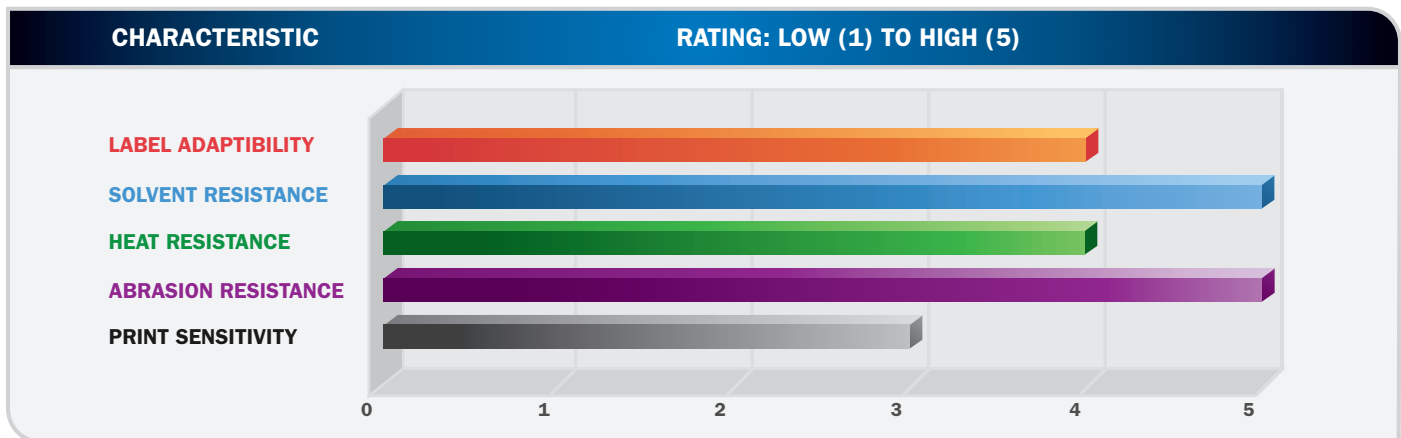

QM301 is uniquely engineered for applications requiring extreme abrasion and solvent resistance. Able to withstand excessive heat and UV exposure, QM301 is an ideal solution for printing on film label and tag materials. QM301 also features DPM's unique **SlickStream Backcoating Technology™** – a proprietary, silky-smooth, low-energy, anti-static backcoating technology designed to extend the life of your valuable printheads.
