

# QM103

## QualiMark™ Supreme Resin-Enhanced Wax Ribbons

QM103 prints a deep, dark black image for outstanding print quality. This resin-enhanced wax formulation creates a very durable image. This is a great general purpose ink formulation that works with coated and uncoated paper and tag materials, as well as synthetic papers and films. This ribbon features **SlickStream Backcoating Technology™**. SlickStream is a proprietary, silky-smooth, low-energy, anti-static backcoating technology designed to extend the life of your valuable printheads.
